PROFESSIONAL SUMMARY

Cloud & DevOps Engineer with hands-on experience in Microsoft Azure, Terraform, Azure DevOps, GitHub Actions, and CI/CD automation. Skilled in Infrastructure as Code (IaC), Docker, Kubernetes (AKS), Azure Networking, cloud security, monitoring, and DevSecOps practices. Experienced in provisioning Azure infrastructure, developing reusable Terraform modules, implementing multi-stage CI/CD pipelines, supporting production deployments, and troubleshooting cloud infrastructure.

TECHNICAL SKILLS

Cloud: Microsoft Azure, Azure Resource Management

Infrastructure as Code: Terraform, Modules, Remote Backend, State Locking, Workspaces

CI/CD: Azure DevOps, Azure Pipelines, GitHub Actions, YAML Pipelines

Containers: Docker, Kubernetes (AKS), Azure Container Registry (ACR)

Azure Networking: VNet, Subnet, NSG, UDR, Load Balancer, Application Gateway, VPN Gateway, Azure DNS

Identity & Security: Microsoft Entra ID, Azure RBAC, Managed Identity, Azure Key Vault

Monitoring: Azure Monitor, Log Analytics, Network Watcher, Alerts

DevSecOps: tfsec, TFLint, Terratest, TruffleHog, Super-Linter

Version Control: Git, GitHub, Azure Repos

Scripting: PowerShell, Python, Bash

Operating Systems: Linux (Ubuntu), Windows Server

PROFESSIONAL EXPERIENCE

Cloud & DevOps Engineer, Appmentro Private Limited

06/2024 – Present | Noida

- Provision and manage Microsoft Azure infrastructure using Terraform, following Infrastructure as Code (IaC) best practices.
- Develop and maintain reusable Terraform modules with Remote Backend, State Locking, Workspaces, Variables, Outputs, Lifecycle Blocks, and Data Sources.
- Build and maintain multi-stage Azure DevOps YAML CI/CD pipelines across Development, QA, UAT, and Production environments.
- Automate infrastructure provisioning and application deployments using Azure DevOps, GitHub Actions, PowerShell, and Python.
- Deploy and manage containerized workloads using Docker, Azure Kubernetes Service (AKS), and Azure Container Registry (ACR).
- Configure and manage Azure networking components including VNet, Subnet, NSG, UDR, Load Balancer, Application Gateway, VPN Gateway, and Azure DNS.
- Implement Azure security and access controls using Microsoft Entra ID, Azure RBAC, Managed Identity, and Azure Key Vault.
- Configure Azure Monitor, Log Analytics, Alerts, and Network Watcher for infrastructure monitoring, troubleshooting, and operational visibility.
- Collaborate with Development, QA, and Infrastructure teams for production deployments, release management, incident resolution, RCA, and infrastructure improvements.

PROJECTS

Azure Network Operations & Infrastructure Management

- Managed Azure production network infrastructure and supported day-to-day cloud operations.
- Configured VNet, Subnet, NSG, UDR, Load Balancer, Application Gateway, VPN Gateway, Azure DNS, and related networking components.
- Monitored Azure infrastructure using Azure Monitor, Log Analytics, and Network Watcher.

- Troubleshoot routing, DNS, VPN, NSG, firewall, and VM connectivity issues.
 - Supported production deployments, infrastructure maintenance, and incident management.
- Technologies: Microsoft Azure, Terraform, Azure Networking, Azure Monitor, Log Analytics, PowerShell

Azure Cloud Infrastructure for Learning Management System (LMS)

- Designed and provisioned secure Azure infrastructure for a cloud-based Learning Management System (LMS).
- Provisioned Azure resources using reusable Terraform modules following IaC practices.
- Developed Azure DevOps YAML CI/CD pipelines for automated application deployments.
- Integrated Azure Key Vault and Microsoft Entra ID for secure authentication and secrets management.
- Configured Azure App Service, Azure SQL Database, Azure Storage Account, Azure Monitor, and Log Analytics.
- Automated deployment and operational tasks using PowerShell.

Technologies: Microsoft Azure, Terraform, Azure DevOps, Azure App Service, Azure SQL Database, Azure Storage Account, Azure Key Vault, Azure Monitor, Log Analytics, PowerShell

EDUCATION

Chandigarh University , <i>Master of Computer Applications (Cloud Computing) – Online</i>	01/2026 – Present
Awadhesh Pratap Singh University , <i>Bachelor of Computer Applications</i>	2021 – 2024

CERTIFICATION

Microsoft Certified: Azure Administrator Associate (AZ-104)
